Ordnance Survey mapping and free Garmin BaseCamp software

A full days training from the GPS experts for just £49pppd

The day commences at 9.30am.

Please remember to bring along your GPS & cable if you're using your own kit and boots and outdoor gear as this is a very hands on day with a large proportion of the time spent outdoors. Don't worry we won't be flogging you up hills all the walking will be at low level and easily achieved by the average walker.
